Under-Bandages

Pure Cotton Under-Bandages

Under-Bandage Range

Our Orthopaedic Under-Bandages are made from high quality, long staple cotton fibres. State of the art technology gives the bandage wadding an extra smooth surface, making them an ideal hypoallergenic contact surface for sensitive skin. Designed and made to have some self-adhesion properties and appropriate tensile strength, resistant to abrasion and plaster strike through.

- ✓ Light weight & breathable
- ✓ No chemical binding agents
- ✓ Comfortable option for orthopaedic padding
- ✓ Latex free
