Mepilex UP

Mepilex® Up is an improved and innovative non-border foam dressing designed to minimise the risk of leakage¹.

What's new?

- Unique exudate spreading properties allow the exudate to be spread in all directions, even against gravity, minimising the risk of leakage¹
- Patented and improved foam structure to manage exudate in low to highly exuding wounds, with and without compression¹
- Thinner profile for greater conformability and ease of use¹
- Improved moisture vapor permeability for higher breathability¹
- Improved fluid retention¹
- Print on top of backing film for easy recognition
